EXPERIENCE

Northwestern University Knight Lab

Undergraduate fellow | Sept. 2014 - Present

- Worked with Tarbell, network visualizations and data mining to produce better web stories.
- Promoted the Lab by facilitating Open Lab Hours and giving lightning talks.
- Represented the Lab at the 2015 Mozilla Festival by leading a session on data ethics called "No Good Number Goes Unpunished."
- Contributed to the Lab's editorial and social media content.

NPR

Editorial assistant for NPR One | Dec. 2015

- Assist in the curation of podcasts and the daily upkeep of NPR's award-winning public radio news, stories and podcast streaming app.

Intern for "Here & Now" and the news desk | Sept. 2015 - Dec. 2015

- Pitched and produced a three way that instilled empathy and cultural understanding in listeners for air.
- Pitched and reported a blog post on machine translation for All Tech Considered.
- Assisted in the daily production of "Here & Now" segments and ran the board for live and pre-taped interviews for "Here & Now."
- Conducted research for the All Things Considered series on the United Nations climate change summit in Paris.

The Indianapolis Star

Pulliam Fellow | June 2015 - Aug. 2015

- Covered neighborhood news, data stories and other feature and breaking news stories with the goal of serving the greater good of central Indiana.

Medill School of Journalism, Media, Integrated Marketing and Communications

Teaching Assistant | March 2015 - June 2015

- Promoted digital storytelling by teaching HTML, CSS and GitHub courses to undergraduate and graduate students in the Advanced Interactive Storytelling course.

WOUB Public Media

Intern | June 2014 - Sept. 2014

- Reported news and feature pieces for radio and web, including one audio piece on the relationships formed between cadavers and first-year medical students.
- Produced and anchored newscasts.

Headliner

Student assistant | Oct. 2013 - Dec. 2013

- Explored gamifying news consumption by designing buttons and debugging now-Washington Post director of strategic initiatives Jeremy Gilbert's "Headliner," an app that allows users to check into stories they consume.

North by Northwestern

Managing Editor | June 2014 - Dec. 2014

- Helped lead a team of student reporters and section editors in experimenting with online storytelling through brainstorm meetings, one-on-one meetings, copyediting and fact-checking.
- Founded "oNe," a weekly-online audio series.

The Athens NEWS

Freelancer | June 2011 - Sept. 2012

- Copyedited and published stories on a twice-weekly basis, producing over 30 stories overall, including one four-part series on socioeconomic and racial diversity in Athens, Ohio.
